

September, 2019

Dear Parent/Guardian,

At Abington Junior High, we are using a program called Study Island, an online learning resource that will help students with standards mastery. Because Study Island is web-based, students will be able to continue their learning outside of the classroom.

Here is the login information to access Study Island at home:

- Go to [www.studyisland.com](http://www.studyisland.com) and use the following information to login:
- Login: FirstNameLastName@AJHS
- Password: Student ID

To support your child, you will want to learn how to help them access their assignments. When your student completes an assignment, either in class or as homework, you will be able to track their progress in the MyClass feature. Students are expected to complete assigned activities. In addition, students may choose to study topics on their own for review or extending their learning by selecting from the PA Programs tab on the left-hand side of the screen.

As part of Study Island, Blue Ribbons are awarded to students when they master a topic. Throughout the coming school year, make sure to take a look at how many blue ribbons your student has received for their hard work.

If you do not have internet access at home, your student will be able to use the facilities at school or the local library.

Please let us know if you have any questions regarding Study Island at any time.

Sincerely,

The Reading Teachers
