

# Skyward Information

Skyward is an important source of information about your child's progress at the Junior High.

In addition to reviewing academic grades, parents are encouraged to read the 'comments' section where teachers communicate individual messages. The Skyward calendar can help parents and guardians to convert the assignment book into a student planner by breaking projects and tests into little steps prior to their 'due' dates. It can also be a springboard for meaningful dialogues with your student about specific topics he or she is reading and learning in school.

You are encouraged to download the Skyward app. Mrs. Shrager will provide hints on utilizing Skyward to its fullest during her presentation *"I wish I had known this back in September"* during our "Back-to-School" night.

If you are locked out of Skyward or need information to access your account, please contact our confidential administrative assistants.

7 <sup>th</sup> Grade	TBD	X2208
8 <sup>th</sup> Grade	Ms. Sternberger	X2206
9 <sup>th</sup> Grade	Mrs. Nedbal	X2203
