

Overlook's Million Page Challenge

Overlook Elementary School is going to read ONE MILLION PAGES this school year. In order to achieve this goal, we need everyone reading as much as possible. When you finish a book, you will need to submit a total page count online. There are a few ways listed below to navigate to a short survey to submit the total pages you have read. This can be done at home, in the library, or in the classroom for any book you have read during the school year.

Three Ways to Log Your Reading

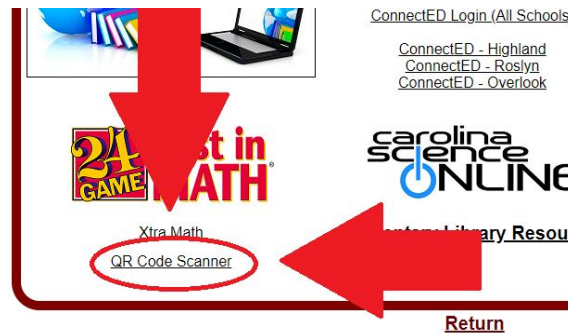

1. QR Code

Each student has a bookmark with a QR code that links directly to the reading submission page. A smartphone, Chromebook, or any computer with a camera can be used. To access a QR code reader on the Chromebooks, follow these steps.

1. Click on "Elementary Resources" on the Chromebook homepage

2. Click on "QR Code Scanner" in the bottom left

3. You might need to click "allow" to give the website access to the camera.
4. Show the camera the QR code.
5. Click the link that appears on the computer screen.

2. Overlook Homepage

On the Overlook website, click on the link that says "Million Page Challenge."

3. Short URL

Here is a short URL you can use to access the reading survey:

bit.ly/ovreads

Scan this QR code to submit your reading.
